25 SECTION 22. Chapter 42-108 of the General Laws entitled "Comprehensive
26 Criminal/Juvenile Justice Information System Act" is hereby repealed in its entirety.

27 ~~CHAPTER 42-108~~

28 ~~Comprehensive Criminal/Juvenile Justice Information System Act~~

29 ~~42-108-1. Short title. --- This chapter shall be known and may be cited as the~~
30 ~~"Comprehensive Criminal/Juvenile Justice Information System Act".~~

31 ~~42-108-2. Legislative findings. --- It is found and declared by the general assembly as~~
32 ~~follows: that as specified in the report entitled "criminal justice information system", dated June~~
33 ~~15, 1988, the departments and agencies concerned with criminal justice in the state, including the~~
34 ~~Rhode Island state police, the department of public defender, the department of attorney general,~~

1 ~~the department of corrections, the department of children, youth, and families, and the state~~
2 ~~courts, do not have a network through which they can share information relating to criminal and~~
3 ~~juvenile offenders; that the lack of such a network results in persons who should be confined or~~
4 ~~whose activities should be monitored closely being able to travel unsupervised among the~~
5 ~~citizenry of Rhode Island, resulting in danger to both adults and children; that in order to correct~~
6 ~~this situation, it is necessary to create a committee to establish and administer a comprehensive~~
7 ~~criminal/juvenile justice information system which will join in an economic manner all~~
8 ~~departments and agencies concerned with criminal justice in the state in order to facilitate the~~
9 ~~flow of information, eliminate the unnecessary redundant work presently performed, and~~

14 ~~courts and its users; that the current court computer system for civil, family, and appellate case~~
15 ~~processing is presently based on outdated technology that does not enable timely and complete~~
16 ~~communication between courts, courts and attorneys, attorneys and their clients and between~~
17 ~~court operations and administrators; that the court's current civil, family court, workers'~~
18 ~~compensation, child support case tracking, and collections systems are all independent systems~~
19 ~~that do not and cannot share essential information which results in duplication of data and~~
20 ~~inefficiency; that the present system does not allow the courts any meaningful ability to plan~~
21 ~~court operations or to quickly react to necessary changes; that through the comprehensive~~
22 ~~automation of the civil, family, and appellate courts benefits will be realized to the courts and~~
23 ~~most importantly to the litigants and users of the state's justice system; that pursuant to the~~
24 ~~provisions of this chapter, the state is implementing a modern computer network to coordinate~~
25 ~~criminal and juvenile justice information; that in order to correct the situation relating to the civil~~
26 ~~information system and to coordinate with the criminal juvenile justices information system, it is~~

28 ~~(ACIS) in order to ensure the orderly and timely dispensation of justice.~~
